Post-COVID-19 Facility Utilization:

Social Distancing, Ministry Considerations, and More...

Smart Church Solutions has developed this guide to help you consider how you can effectively and intentionally resume a limited live meeting and worship experience while still adhering to the ever-changing recommendations. We have attempted to present many of the more difficult choices you will need to consider prior to the resumption of operations, albeit in a limited capacity.

Whether you personally agree with some of the suggestions and restrictions on large group gatherings (that vary from state to state and sometimes county to county), we encourage you to take the lead in adhering to public gathering safety guidelines. To intentionally disregard suggested measures is not prudent nor is it a good witness.

This list is NOT exhaustive and must be considered at the local church level. Be wise and prudent as you navigate these highly unique times.
